Dynamesh DYNABOND Two-Part Frame Adhesive

DYNABOND Two-Part Frame Adhesive is a quick-drying two-component adhesive that features excellent chemical resistance and a very high shear strength.

It is specifically engineered to tightly bond mesh to wood, plastic, and aluminum and all other metallic frames.

The DYNABOND Two-Part Frame Adhesive kit includes the adhesive, catalyst, a plastic spreader, and a screw-on spout cap.

FEATURES

- Quick drying initial bond
- Ideal for high tension screens
- Optimized viscosity for easy spreading
- Chemical resistant
- High-vis red color (Blue also available)
- Long shelf life (without catalyst)
- 30-90 minute pot life with catalyst

PRODUCT OPTIONS

Color

Red (Standard), Blue
