Dynamesh DYNACHEM Screen Wash

DYNACHEM Screen Wash is an extremely versatile screen wash designed to remove all types of ink in preparation for stripping the emulsion from a screen. It can also be used to degrease mesh, or as a stain remover.

FEATURES

- Dissolves all inks, including conventional/solvent, UV, plastisol, water based, silver, and carbon
- Flash point of 196°F (91°C)
- Degreases as it dissolves inks, eliminating the additional step and expense of degreasing chemicals
- Low odor product
- Non-flammable, making it safer for handling, storage and rag disposal than conventional screen washes
- Uses low-foam, biodegradable detergents, providing superior ink and stain removal, while maintaining complete rinsability with water
- Can be used manually or in automatic systems

PURCHASING OPTIONS

Available in

1 Quart, 1 Gallon, 5 Gallon, 55 Gallon sizes
