

BLACK INK

DYNAPRINT Black is a phthalate-free plastisol based printing base used to achieve an elastic, soft touch and excellent coverage in textile printing.

ADVANTAGES

- Can be easily fixed on press
- Does not contain phthalates (**NOTE:** Contains PVC)

APPLICATIONS

- Soft, elastic prints with good coverage

USAGE

- Stir well before using. Do not use any additives not recommended by manufacturer.
- Clean screen with appropriate screen wash after use

STORAGE & SHELF LIFE

- Keep containers dry and tightly closed. Store in a well-ventilated place between 41°F and 86°F (5°C - 30°C).
- Use within 2 years of the production date
