

product solution

# Fimor serilor® LC Series

Serilor LC Series squeegee blades are cast from a newly developed polyurethane formulation designed to achieve performance at an attractive price. Available in a limited range of dimensions/hardness combinations, serilor LC is an excellent choice for applications ranging from textile to graphic printing.

Within the Fimor serilor series, the LC squeegee blade is the best value. The price is competitive and the product is ideal for textile printing.

Serilor LC blades are manufactured with a centrifugation process to avoid bubbles and craters in the material and to bring optimal homogeneity to the compound, even at the core of the material and after grinding.

## FEATURES

- Competitively priced
- No-compromise performance
- Easy sharpening
- Color coded for quick identification

## PRODUCT OPTIONS

### Durometer Range (Color)

SINGLE: 60 sh (Orange), 70 sh (Yellow), 80 sh (Pink)

TRIPLE: 55/90/55 sh (Orange), 62/90/62 sh (Blue), 70/90/70 sh (Yellow)

### Profiles

**P0** Straight square edge

### Dimensions

2x0.375 in (50x9.2 mm)

## PURCHASING OPTIONS

### Available in

12 Linear Ft Rolls

product solution

# Fimor serilor® LC Series

Discounts available on multiple roll purchases. 2-4 rolls: 5%, 5-9 rolls: 10%, 10+ rolls: 15%
