product solution

PMI Quick Rip Tape

PMI Quick Rip Tape is a hand-tearable tape designed for taping the print-side of screens, as a blockout tape. The thin blue edge does not contain adhesive, making for quick and easy removal. Otherwise, it features the same adhesive and backing as PMI Full Adhesive or Split Tape.

FEATURES

- Peels clean
- Can be used indefinitely without getting gooey
- Won’t tear, break or shred
- Stays down when you want it to
- Used by industry-leading screen printers
